

McNARY-DAWES-HAUGEN MEASURE DEFEATED

**VOTE STOOD
44 AGAINST,
39 IN FAVOR**

MEASURE OPPOSED BY ADMINISTRATION AND EASTERN SENATORS

ITS DEFEAT NOW PAVES WAY FOR CONSIDERING ADMINISTRATION BILLS

Washington, June 24.—(UP)—The Dawes-McNary-Haugen farm relief bill was defeated in the senate today.

The measure was opposed by administration and eastern senators. It had already been defeated by the house.

Defeat of the measure paved the way for consideration of administration bills.

The vote was: against 44, for 39. The senate defeated the Robinson substitute bill which would have appropriated \$200,000,000 in loans for the farmers.

Twenty-three republicans and 15 democrats voted for passage of the bill. Twenty-four democrats and 21 republicans voted against the bill.

Washington, June 24.—Favorable action on the Haugen bill was indicated today when the senate began voting on amendments to the measure. An amendment submitted by Senator McNary, Oregon, farm leader, assuring cotton producers of \$75,000,000 of the equalization fund was adopted 50 to 43.

Washington, June 24.—Senator Reed, democrat, Missouri, assailed Vice President Dawes and Secretary of Commerce Hoover in the senate today, in closing debate on the Dawes-McNary-Haugen farm bill.

"I hope the Dawes plan over in Europe is not as rotten as this (Haugen) bill is," Reed declared. "I have been told the vice president has approved the measure."

Referring to Herbert Hoover, Reed declared "No more damnable or infamous outrage was ever perpetrated upon a free people" than Hoover's war-time regulations on farm products.

Washington, June 24.—The long fight over farm relief reached a climax today as the Dawes-McNary-Haugen bill, an entirely new legislative plan, whereby farmers hope to market their surplus products at a profit, came before the senate for final action.

The bill, giving a federal farm board powers to buy and withhold surplus production of cotton, corn, wheat and hogs from the market, when the surplus threatens to reduce prices below "reasonable levels" was scheduled to come to a vote shortly after 1 P. M.

Farmer-senators, sponsoring the measure, and administration and eastern senators from industrial states, opposing the bill, both claimed victory before the senate convened.

There was the possibility that Vice President Dawes, who braved President Coolidge's displeasure to sponsor the Haugen bill, will be compelled to cast the deciding vote for the measure.

However, as the hour for the vote neared the farm bloc was threatened with the loss of support from some southern members over an 11th hour disagreement regarding the effect of the bill on cotton producers.

The farm bloc battled over an amendment for the disposition of cotton yesterday, but failed to agree.

**Alleged Leaving
Trail of Heartbroken
Purse Flattened Women**

Ottawa, Ont., June 23.—(UP)—Lieutenant Colonel Leonard Hughes Jones, was in jail here today, instead of in the church where he and Miss Anna Smillie, daughter of one of the prominent capital families were to have been married. Sheriff James W. Robinson of Ann Arbor, Mich., requested Jones' arrest on a charge of fraud.

Local detectives said Jones has left a trail of heartbroken and purse flattened women through a score or more of Canadian and United States cities. Jones was alleged to have described himself as an employee of the British consulate in Detroit when arrested.

Today's wedding was to have been one of the social events of the local season. Police said he will be

Million Faithful Pilgrims on Road to Mundelein

**13 OF FISHING
CREW THOUGHT
TO HAVE DROWNED**

Gloucester, Mass., June 24.—(UP)—Thirteen members of the crew of the schooner Fallmouth out of Gloucester are believed to have been drowned when the boat was destroyed by fire off Cable Island.

Details of the fire were learned today when Captain Eric Carlson and eight men landed on Sable Island.

The ship was abandoned, the captain said, after the gasoline tanks had exploded from a fire that started in the deck house.

The Fallmouth was owned by the United Fisheries company of Gloucester.

**2ND DEFICIENCY
BILL REPORTED
TO HOUSE TODAY**

CONTAINS THOUSANDS OF APPROPRIATIONS FOR GOVERNMENT ACTIVITIES

ALSO COVERS PUBLIC BUILDING IN FISCAL YEAR 1927

Washington, June 24.—The important second deficiency bill, covering thousands of appropriations for government activities and for public building in the fiscal year, 1927, starting July 1, was reported to the house today by the appropriations committee. It will be taken up tomorrow, passed this week and sent to the senate for passage early next week, under present plans.

The measure includes about \$30,000,000 for the first year's buildings in the \$165,000,000 five year public buildings program, all appropriations for the District of Columbia government and \$375,000 to build a new roof and to make other repairs to the White House.

The appropriations include: Prosecution of Teapot Dome and Elks Hills oil lease suits by a special counsel, \$100,000.

Regulation of commercial aviation \$250,000; establishment of aids to aerial navigation, \$300,000.

Alderson, W. Va., women's prison, \$1,509,300 and \$172,000 deficiency from 1925.

Rewards for capture of post office burglars, \$36,500.

Transcontinental air mail, fiscal year 1926, \$75,000.

Starting work on \$10,000,000 United States embassy - legation building program, \$435,000.

Enforcing narcotic laws, \$2,686,760.

Refunding cigar and automobile taxes 1926 and 1927, \$5,250,000.

Starting work on three of ten coast guard cutters authorized, \$1,000,000.

**3 GYPSIES HUNTED
BY AUTHORITIES**

SEEK ANSWER TO THE STRANGE CASE OF McPHERSON KIDNAPING

Douglas, Ariz., June 24.—(UP)—Three Gypsies, one of them a woman, known only as Rose, were hunted on both sides of the Mexican border today by officers who sought the answer to the strange case of Aimee Semple McPherson.

Mrs. McPherson, an evangelist, and faith healer, with a large following on the Pacific coast, disappeared from Ocean Park, Los Angeles, a month ago. Friends saw her, clad in a bathing suit, plunge into the surf and swim into the breakers. She was not seen again until yesterday, when she was found wandering in Agua Prieta, Sonora, across the Mexican border from Douglas.

Brought here, she told a remarkable story of having been kidnaped and held for ransom in a little hut miles from Agua Prieta. Two men and a woman were her kidnapers, she said. They are the trio now sought.

Police Chief Percy Bowden of Douglas, after hearing Mrs. McPherson's story, led the search for her alleged abductors. Co-operating with him were the authorities of Agua Prieta, while Detective Captain Herman Kline and assistants from Los Angeles were expected here today to give their aid.

**BREWERS AID
IN CAMPAIGN
BEING PROBED**

SENATE PRIMARY INVESTIGATING COMMITTEE TAKES UP MATTER

CHARGED THAT BREWERS RAISED FUND IN \$3,000,000 SENATORIAL RACE

By PAUL R. MALLON

(United Press Staff Correspondent) Washington, June 24.—The senate primary investigating committee expected to find out today whether Pennsylvania brewers raised a fund of their own in the \$3,000,000 senatorial race. Wayne B. Wheeler, general counsel of the Anti-Saloon League, has promised to furnish substantiation of his charge that those who desire modification of the Volstead act had accumulated a purse to help the wet ticket.

Wheeler said he would have the information on hand for the committee as soon as officials of his organization can get here from Waterville, O., home of the league.

The committee authorized Wheeler to summon his own witnesses and has thrown the onus of proof upon him.

Seven others have been called in connection with the stories that have come to the committee concerning charges involving fraud, forgery, loose money dealing and corruption in Pennsylvania.

One of the witnesses was said to have a sensational story which may prevent the committee from closing the Pennsylvania angle of the case this week as planned and concentrating on Illinois as soon as congress is adjourned for the summer.

**CHARGE BAND
OF WHITE ROBED
MEN KILLED TWO**

Williamson, W. Va., June 24.—(UP)—State troopers and county officers left here this afternoon for Jonny's Creek, an isolated camp near Kermit, following reports of a band of white robed men had killed a woman and her daughter near there this morning.

Conflicting stories were received here. First reports asserted Mrs. James Johnson, wife of a school teacher, and her daughter, Jean, 4, were slain when the supposed band surrounded and fired upon their home.

Another report declared the band was fogging the woman's husband, for some misdeed, when a member of the gang dropped a gun, the weapon discharging and the bullet wounding Mrs. Johnson.

A still later report gave the circumstances as follows:

"James L. Johnson, 45, school teacher, had been warned to stop certain practices to which his neighbors objected.

"He ignored the warnings and the band of robed men went to his home early today and beat him up.

"As near as can be learned, his wife, Mrs. Harriet Johnson, 30, attempted to intervene and was shot down. A stray bullet killed her daughter. Frightened at this the gang left without bothering the man."

It was said today that vigilantes were organized in the Jenny Creek region several months ago and authorities here said the vigilantes had taken the matter of law enforcement into their own hands.

Jenny Creek's only communication with the outside world is a single telephone line strung over the wooded slopes of the rugged hills between the camp and Williamson.

"Although one or two persons undoubtedly have been killed we have received only meagre details," the commander of the state troops announced.

Jenny Creek is accessible over rocky and sometimes impassable roads only.

**PRESIDENT SIGNS
NAVAL AIRCRAFT BILL**

Washington, June 24.—(UP)—President Coolidge today signed the naval aircraft bill approaching \$55,000,000 for a five year building program providing 1,800 new airplanes and two rigid dirigibles of the Shenandoah type.

Willmar, Minn., June 24.—(UP)—The 50th anniversary celebration of the Fahlun Baptist church started here today. A four day festival will end Sunday with three services in the church.

**MOTHER OF THREE
CHILDREN HANGED
ON MURDER CHARGE**

Manchester, England, June 24.—(UP)—Mrs. Louise Calvert, 33 years old, mother of three children, was hanged today for the murder of her landlady, whom she had strangled to death. It was the first time since 1923 that a woman had been executed in England. Thousands of persons had signed a petition for a reprieve, but the home office refused to intervene.

**BYRD MAY
ATTEMPT FLIGHT
OVER SOUTH POLE**

HOPES MADE KNOWN AT BRILLIANT RECEPTION ACCORDED AT WASHINGTON

IS HONORED BY THE NATIONAL GEOGRAPHIC SOCIETY

Washington, June 24.—(UP)—Lieutenant Commander Richard E. Byrd, air conqueror of the north pole, now desires to fly over the south pole.

His hopes were made known in a brilliant reception given him last night by the National Geographic society, at which President Coolidge presented him with the rare Hubbard gold medal, while men and women, prominent in national life, applauded.

More than 6,000 persons crowded into the municipal auditorium to honor Byrd and his friend, Floyd Bennett.

"We cannot but admire the superb courage of the man who was willing to set forth on such a great adventure in the unexplored regions of the air," the president said to Commander Byrd, as he gave him the internationally coveted decoration.

The token of achievement was presented after Dr. Gilbert Grosvenor, president of the National Geographic society, announced his organization has examined Commander Byrd's records and was convinced he flew to the pole on May 9.

President Coolidge left after presenting the medals, missing the official motion pictures of Byrd's flight, which were shown to the public for the first time.

Today Byrd goes to Richmond, Va., his home city, where a royal welcome awaits him.

**JAMES L. GEORGE
DIES AT BEMIDJI**

FORMERLY LIVED AT BRAINERD CHICAGO AND OMAHA

Bemidji, Minn., June 24.—(UP)—James L. George, 70, former county auditor and a Beltrami county resident for 25 years, is dead here. Before coming here, he lived at Brainerd, Chicago and Omaha. Since retiring from politics, he has been president of the Bemidji Gas Company but sold his interests recently.

**SEKK TO IDENTIFY
LOUIS J. RING**

Minneapolis, June 24.—(UP)—A special investigator from the Minneapolis police department is proceeding from Seattle, Wash., to a city in British Columbia where he will attempt to identify a man now in custody, who is believed to be Louis J. Ring, Minneapolis business man, under indictment for the alleged murder of his wife, Bertha. The name of the city has not been announced here.

**DURKIN, TWO
GUN SHEIK,
TO BE TRIED**

Chicago, June 24.—(UP)—The jury which will try Martin J. Durkin, Chicago's two gun sheik, for the murder of a federal agent and a policeman, was completed at 2:30 o'clock today. It had taken more than three weeks to select the body. Opening arguments were started soon afterwards and the case was expected to get under way in earnest tomorrow.

**LICENSING LAW
FOR BANKERS
URGED IN N. D.**

TO BE MODELED AFTER ONE GOVERNING THE LEGAL PROFESSIONS

URGED BY GEORGE BANGS, ADDRESSING N. D. BANKERS' ASSOCIATION

Grand Forks, N. D., June 24.—(UP)—A licensing law for bankers modeled to some extent after that governing the legal professions was urged by George Bangs, attorney, before the North Dakota Bankers' Association yesterday.

Reasoning that a bank is a species of public institution, chartered by the state, the success of which depends largely if not entirely upon the intelligence, integrity and ability of those entrusted with its management, Bangs believes that if bankers can be regulated after they have been placed in control, they also can be examined and selected before being placed in control.

The licensing board, he suggests, should be non-political and made up of nominations by the State Banking Association, with long term service and compensation the chief honors of position.

Other suggestions he made for safe banking were:

1. The office of the state examiner should be non-political, of long term, well paid and the examiner should be selected and subject to removal by the non-political state banking board; the examiners' force and compensation should be materially increased.

2. Law regulating the rate of interest to be paid by banks.

3. Readjustment of tax laws.

4. Excessive competition eliminated by consolidation.

5. Commission of experienced bankers, selected to revise, modify and recommend sound, conservative, reasonable banking laws.

At least three other states, Bangs said, have revised their banking laws in which the following trends are observed:

1. Increased minimum capital requirements to \$25,000.

2. Increasing discretionary power of bank commissioners in granting and denying charters and in making rules.

3. Increasing compensation and term of bank commissioners.

4. More "equitable" taxation of bank stock.

5. Towards repeal of guaranty of deposit laws. (Oklahoma and South Dakota, he said, both have repealed such laws).

66. Authorizing bank commissioners to take complete charge of and to liquidate banks as distinguished from liquidation through the courts.

The chief cause of bank failures in North Dakota, Bangs said, was deflation in values, which began during the summer of 1920 and which within the next three years reduced values at least 50 per cent, bringing financial distress to agricultural interests and all activities and businesses dependent thereon.

The obvious cause was frozen assets consisting of uncollectable loans and discounts, and the large amount tied up in banking houses, furnishings and real estate.

Bangs does not think dishonesty contributed in any material part to the failures.

**Swedish Royalty
to Review 2,000
Troops at Ft. Snelling**

St. Paul, June 24.—(UP)—Two thousand troops at Fort Snelling will be reviewed by Crown Prince Gustav Adolph and Princess Louise of Sweden during their visit to the two cities next week.

Eight hundred members of the third infantry and 1,800 R. O. T. C. trainees will pass before the royal visitors on the south parade at the fort at 9:30 A. M. Tuesday.

Secretary of State Frank B. Kellogg, who is to host to Sweden's future rulers, is leaving Washington tonight for his home here.

CALF CLUB TOURS COUNTRY

Willmar, Minn., June 24.—(UP)—A tour of Kandiyohi county farms was continued today by 30 members of the Kandiyohi county calf club. The tour started yesterday. Homes of members are being visited.

**PIN THREATENED
LIFE OF GIRL,
NOW AT HOSPITAL**

St. Paul, June 24.—(UP)—A pin that has threatened the life of a three year old girl has been dislodged from its dangerous position in her chest.

The girl, Vivian May Hottell, of Conde, S. D., who was brought across two states to the hospital Sunday, remains in the hospital, while physicians and surgeons continue careful observations.

Two attempts to remove the pin failed and a third attempt was advised against, but the shifting of the pin has eliminated immediate danger.

**REPUBLICANS
CONVENE AT
MILWAUKEE**

CONTEST OVER SELECTING CANDIDATES, BUT GREATEST BATTLE ON PLATFORM

W. J. CAMPBELL, TEMPORARY CHAIRMAN, IN OPENING ADDRESS

By J. E. HELFERT

(United Press Staff Correspondent) Milwaukee, Wis., June 24.—Hundreds of conservative republicans representing practically every section of the state, were on hand here today for the opening of the second annual state convention of the Oshkosh republican organization.

While there is every indication that there will be a contest in the selection of candidates for state offices, the greatest battle is expected on the platform, which is to be given to the delegates for adoption some time today.

The convention is scheduled to open at 10 A. M. at the Milwaukee auditorium, but due to the late arrival of some of the delegates and last minute changes in the plans, indications were the conference would not get underway until about 11 o'clock.

W. J. Campbell, chairman of the executive committee and temporary chairman of the convention is scheduled to open the convention with an address. He will then turn the gavel over to Assemblyman Wallace J. Ingalls, Racine, who has been selected as keynoter and who will preside as permanent chairman.

Everything points to a spirited fight on the platform and many of the delegates are not backward in voicing their opinions regarding the wet and dry plank. Many of them contend the organization must insert a plank in the platform either for or against prohibition and it is consensus of opinion among a large number of delegates that the plank will be wet.

Conservation will be another prominent plank in the platform.

**LONGEST BRIDGE
GAME IN WORLD**

NOW BEING PLAYED BY FOUR SUPERIOR, WIS., RESIDENTS

Superior, Wis., June 24.—(UP)—The longest bridge game in the world is being played by four Superior residents.

The game already has been continuing for 4½ years and the 500,000 point mark has been reached. It probably will not end for another three years, when the goal of 1,000,000 points will be reached.

The participants are Mr. and Mrs. Bernard Lee and Mr. and Mrs. F. O. Lindquist, who now meet twice a week for the long distance play. They have had 200 sittings since the game started. Sometimes as high as 4,000 points have been scored at one sitting.

No player has held a perfect bridge hand despite all the games that have been played, but at one sitting, Mrs. Lee and Mrs. Lindquist, who were partners, held the thirteen spades and bid seven securing a grand slam.

Mrs. Lindquist and Lee, whose scores are third and fourth highest, must buy the other couple a dinner in 1928 or 1929 when the game is ended.

CLOSING CEREMONIES OF EUCHARISTIC CONGRESS BEING HELD

MANY TRAVEL ALL NIGHT, 400,000 ON GROUNDS 2 HOURS BEFORE CEREMONY

By J. L. O'SULLIVAN

(United Press Staff Correspondent) Mundelein, Ill., June 24.—Drawn together by their faith in the Blessed Sacrament, 1,000,000 faithful pilgrims today were on the road to Mundelein for the closing ceremonies of the Eucharistic Congress.

Early arrivals by train and automobile exceeded all anticipations and calculations of traffic experts. Two hours before the ceremonies started 400,000 persons were gathered on the grounds of this medieval monastery in modern American setting, St. Mary's of the Lake seminary.

Many had been travelling all night. Others camped along the highways, rolled in blankets or sleeping in automobiles. Their camp fires made a chain of light extending from the gates of the seminary to points several miles distant. Rockets were sent up from the grounds at frequent intervals during the night to inform weary pilgrims that their destination was near.

**IF JESUS CHRIST
RETURNED TO EARTH**

Mundelein, Ill., June 24.—A singing, praying multitude of 1,000,000 people, gathered together from all lands of the earth today answered the age old question: "If Christ returned to earth, what recognition would be given him?"

In a babel of tongues, like of which has never before been heard in the new world, this great throng gave honor to the Blessed Eucharist, which, they believe, is the actual, living Christ. It was a demonstration surpassing any tribute ever paid the world's conquering kings.

Banked on either side of a three mile "La Gloria," the road to glory, circling a beautiful inland lake and reaching far back into the wooded area, that shelters this seminary, prince, prelate and layman participated in this morning's magnificent religious spectacle.

In sheer magnitude alone this demonstration shattered every existing record. The number of persons, the distance from which they came as pilgrims, the length of the procession and the number of actual participants outdid any ovation in history.

The seminary grounds, set down like a medieval monastery and surrounded by the bustling civilization of 20th century America, were so densely packed at points of vantage that it was impossible for many to sit down. Under a scorching sun, they stood with reverently bowed heads, singing and chanting and paying honor to their universal king.

Traffic experts estimated that 400,000 had arrived by train since sunrise and another 500,000 by automobile. Fully 100,000, perhaps more, had reached the grounds yesterday afternoon and during the night.

**CRUSH AT
MUNDELEIN**

Chicago, June 24.—Between 100 and 150 persons were taken to Emergency hospital wards to be treated for injuries they suffered in the crush. None of them were believed seriously hurt, however. Police officials estimated that more than 200,000 pilgrims had found it impossible to gain entrance to the grounds.

**MISSOURI FEDERAL
COURT REVERSED
IN CATTLE CASE**

St. Paul, June 24.—(UP)—The United States circuit court of appeals today reversed a decision of the Missouri federal court and awarded E. B. Spiller and other St. Louis cattle shippers \$31,927.36 judgment against the St. Louis & San Francisco railroad company for alleged excessive freight charges.

Wednesday, June 23, at the parsonage of the First Baptist church occurred the marriage of Miss Lilian Knerr to Alfred Jensen of Brainerd. The attendants were Miss Flossie Fox and John Knerr, Rev. H. P. Damon officiating at the pleasing ceremony. The happy couple will make their home on a farm a few miles from Brainerd and will be at home to their friends after July 1.

1st Baptist Sunday School
There will be held at the First Baptist church Friday evening at 6:30 p. m. a banquet and entertainment for the Sunday school, in honor of the children's department of the school the winners of the contest, to which the entire school is invited.

ALIENISTS TESTIFY
SCOTT IS SANE
Chicago, June 24.—(UP)—Two widely known alienists, both attempting to add to the web of evidence with which the state hopes to hang Russell Scott, today testified before Scott's second sanity jury that Scott is sane.

Dr. Ralph T. Hinton, superintendent of the state hospital at Alton, corroborated the testimony of Supt. Frank A. Stubbfield of the Chester hospital, where Scott was incarcerated, who testified yesterday that Scott is sane. Dr. Paul Schraeder, assistant state criminologist, also gave his opinion that Scott is not insane.

CARTOONIST MARRIED
LIFE HAS RIFT
Washington, June 24. — (UP)—The Countess De Beaumont, wife of H. C. (Bud) Fisher, the cartoonist, today accused her husband of using the tactics typical of the characters of his cartoons in their domestic life, namely that he struck her on the jaw and abused her.

She asked the courts to grant her \$10,000 counsel fees, \$5,000 expenses and \$3,000 monthly alimony pending decision of a suit for separation.

The two were married a year ago aboard the liner Leviathan by Captain George Fried, then commanding the vessel.

AITKIN'S GALA
LEGION GREETING

Celebration of 2 Days, 6th District Convention, Closes Tonight

2,000 PEOPLE TAKE PART

200 Citizens of Brainerd and Legionaires, Drum Corp and Brainerd Ladies Band in Attendance

Aitkin yesterday presented its best and most gala appearance in its history when the District American Legion convention got away to a perfect start. The convention will come to a close tonight.

Celebrating commenced early yesterday and continued through the day and wound up in the evening with a dance at the Armory.

Over 2,000 people took part in making the day one of amusement. When the Brainerd Ladies band headed the procession down the main streets in Aitkin yesterday afternoon it brought the "whole town" out.

About 200 Legionnaires, and citizens of Brainerd were in attendance yesterday. This morning will be devoted to business, this afternoon to pleasure when ball games and other sports will be enjoyed. The Brainerd Legion drum corps will be in attendance today.

Birthday Surprise Party

A number of friends surprised Mrs. F. Blank Wednesday afternoon at her home on South Broadway, to celebrate her birthday. The afternoon was spent informally, after which a delicious luncheon was served. She was presented with a linen dress.

Real Estate Transfers

JUNE 21, 1926

Anna D. Hausner (widow) to Albert L. Lawson and Grace H. Lawson husband and wife as joint tenants and not as tenants in common, lot 38, Twin Beach W. D. \$225.

JUNE 23

Lucia P. Northrup (widow) to Fred Potvin, lots 4 and 5 Parker's Addition to Brainerd, W. D. \$1 etc.

Tortillas in Mexico

Tortillas are large round cakes of popular consumption in Mexico. They are made by soaking corn grains until soft, then crushing them into a paste, generally by working them with a roller or similar instrument on a large stone and shaping them into the desired size and cooking on iron or earthen plates.

Too Old to Be Happy

Little Barbara (saying her prayers)—And bless daddy and mummy and make them happy—if they are not too old for that sort of thing.—Boston Transcript.

The Hero

A man, says a "riter, is a hero to his wife for about two months. One is the month before they are married, and the other is the one after his decease.—Passing Show, London.

LOVE MATCHES NOT
UNCOMMON IN EAST

Occident Has No Monopoly of Romance.

Western women often pity the oriental for her enforced seclusion and her lack of liberty; above all for the husband who is forced upon her by her parents. And yet love matches are by no means unknown in the East, according to Dorothy Buck, writing in the Buffalo Express.

Mokhtar-ben-Reschid-bep-Mansour, a young merchant of my acquaintance, was a much-sought-after young bachelor of Tunis, but proved adamant until some one smuggled to him a snapshot of the daughter of a kaid.

He instantly fell madly in love with it and the women of his family hastened to call on her and bring back reports.

"It is all a mistake," said a spiteful feminine cousin. "She is no more like that photograph than I am. She has a distinct east in one eye, and limps!"

"She is lovely," said his sister, "and appeared interested in thee! They say she is very sweet tempered."

"She has no dowry," said his mother, "and is almost betrothed to her cousin. I do not think it is worth while upsetting the affair."

The unhappy young man did not know what to think, but eventually got engaged, and remained in a torture of doubt until his wedding day, when he found that his bride was all and more than he expected. There is an ideal marriage, though unblessed by those sons that are supposed to be essential to happiness.

Such romantic matches as this are by no means infrequent, and are usually successful, perhaps because beauty, placidity, and affection are all that a Mussulman asks of his wife. But I know of other matches still more romantic, whose beginning lay in a childhood's friendship, necessarily broken by the seclusion of the little girl at the ordained moment, and whose fruition came in an early marriage.

Under the law of Islam a man is not only permitted but urged to divorce a childless wife, and this brings about many tragedies—for the childless wife is often the best loved. There have been instances when family pressure has forced an Arab either to divorce his wife or to take another, and the result has been a tragic love pact. The two, rather than be separated, have been found dead in each other's arms.

Steam Power Old Idea

No great invention ever was the work of one mind. They will tell you at the patent office. Everybody supposes that Watts invented the steam engine in 1782, but history records the first steam engine was operated in Egypt 224 years before Christ, and that the inventor was a Mr. Hero of Alexandria and not "Mr. Watts." Hero wrote knowingly of the expansive forces of steam, described the cylinder, piston, and side valves; built his own stationary engine and used it for raising water. There are records of improvements on Hero's design, or of other steam engines, in 1601 and 1629 in Italy, and 1656, 1690 and 1712 in England and France.

Emergency Ahead!

Did you ever see a person of middle age who had never met emergencies—times when a goodly savings account would have meant some kind of triumph, the hurdling of an obstacle? Are you getting ready for the one ahead?

THE KNOT HOLE

No. 28 THURSDAY, JUNE 24, 1926 Vol. 1

Don't be afraid of big things—a Packard steers easier than a Ford.

But a Ford can toss a man further with one horn than a bull with two.

In the survival of the fittest we fear the automobile will win out against the pedestrian.

"We ought to get a lot of things done," says Jim Alderman. "These are the longest days of the year."

We admit it, Jim. But do you realize there is an awful difference between the weight of a hoe handle and a fishing pole?

As a salesman who "knows his stuff" Jim is hard to beat. Was in the store a few days ago when a dejected looking stranger entered and asked Jim for a quarter's worth of carboic acid. "Sorry," answered Jim, "you got into the wrong store. We deal only in hardware, but we have a choice line of ropes, razors and revolvers."

Does advertising pay? We say it does. An Oklahoma girl advertised for a husband and landed one within a short time. The advertisement cost \$3.00. She paid the wedding expenses, \$9.00. In less than a year the husband died and left his widow an \$11,000 insurance policy.

What is so rare as a day in June?

MAYOR WEBB IS APPRECIATIVE

Winnipeg Executive Acknowledges Courtesies Shown Party In Brainerd

CANADIANS GRATEFUL

Visited Brainerd Last Month on Their Friendship Tour

The Brainerd Chamber of Commerce are in receipt of the following letter from Mayor Ralph H. Webb, of Winnipeg in which he expresses the appreciation of the Winnipeg Friendship Tour members who visited Brainerd to the people of Brainerd and to those who worked in making their visit in Brainerd enjoyable:

"I wish, on behalf of our party on the recent tour to your town, to convey our wholehearted thanks to you, your Association, Women's organizations, business men, and to all of your wonderful people, for the splendid and happy time you tendered us.

"The members of the party stated they never before had such a glorious time and have returned home full of happiness, impressed with the delightful beauties of your town and surrounding territory, with your incomparable hard surfaced roads, which made it possible for us to visit each other in this great mutual playground of ours.

"The tremendous industrial development we witnessed in various sections, as well as the unrivaled possibilities of your enormous natural resources in agriculture, forest, mines, fishing, etc., were such as to make us appreciate what we too have in Manitoba yet untouched, and which we want you to come and help us develop.

"In stating your good folks were kind to us, goes without saying; we would prefer, however, that you believe we were overwhelmed with your warmhearted reception and hospitality; memories of which, will live with us as long as we live and be ever a reminder of true neighbors and lasting friendships.

"Your beautiful district was a surprise to all our people—the tremendous pioneer work which has been carried on there by your good sturdy people in carving out from the forests such a rich agricultural and industrial area. As time goes on your section will prove to be one of the best cultivated and best settled communities, because of the wonderfully rich and fertile soil which will grow anything than can be grown anywhere north of the Dixie Line, as well as the enormous opportunities for industry.

"Our one desire is to develop the spirit of visiting each other in order to become better acquainted, and with these factors solved, do all we can to co-operate with each other in a mutual policy of greater prosperity for us all in this part of the middle northwest.

"We are looking forward to having a large number of your folks visit Winnipeg this year as a party, so that we may have an opportunity of returning your kindness to us. To each one of your people we extend a hearty welcome to come by train, motor, bicycle or walking.

"Do not overlook the World's Championship Stampede being held here from June 29th to July 5th, as well as the great Agricultural Exhibition at Brandon, to be held during the same dates."

Yours very truly,
R. W. WEBB,

Mayor.

NEW FACTORY MAY LOCATE HERE

Representatives of Insulite Company, International Falls, May Put in Branch Factory Here

Cottage 13 by 15 Feet Built in 2 Hours South of the Sherlund Garage

Much interest has been manifested in a neat appearing bungalow that has been erected on South Sixth street next to Sherlund's garage.

The cottage is 13 by 15 feet and is constructed of Insulite, a type of wall board manufactured by the Insulite company at International Falls and was put up by two men under the direction of Charles L. Very, general manager of the company, in a space of two hours.

Buildings of this type are easily erected, are economical, portable, any number of doors and windows can be installed, and the interior is kept warm in winter and cool in summer.

The main office of the company is at Owen, Wis., with a factory at International Falls. Representatives are in the city looking for a suitable location for another branch factory and are considering the old power house on East Laurel street.

The establishing of a factory here would create employment for a number of men and the company figures that Brainerd as the Gateway to the 10,000 lakes ought to prove a suitable market place for their product which will be in great demand for garages, lake cottages, etc.

W. H. Triplett

Little Visits Around the Rural Section

Written especially for the Dispatch by W. H. Triplett and E. W. Smith, travelling editors for this paper and The Farmer of St. Paul.

E. W. Smith

There was evidently some attraction somewhere today as several farmers visited today were gone.

We have visited several farms in Crow Wing county but have not run across as good a stand of corn as we found on Dan Kemp's place. He has farmed 280 acres for 11 years, living in Nebraska previous to this time. He has 20 acres of clover of very good stand, and seeded 35 acres more this spring. This should give him abundant hay crop as well as building up the soil. To anyone planning on doing any building, Mr. Kemp has 15,000 feet of pine lumber that can be bought very reasonable.

Fred Buehler formerly lived in Renville county, but believing opportunities to be greater in this county, came here five years ago. He has a very fine set of buildings on the place that should enable them to take the best of care of their livestock. A small patch of alfalfa is being tried out and more will be seeded in the near future. The 15 milch cows help to give him additional work as well as income.

John Fallon also lived in Renville county coming to this part of the state in 1900. He remarked that the country was surely wild at that time. All woods and no roads, and now on his place he has over a hundred acres cleared and only a mile from the place a large bus goes back and forth every two hours. He has a patch of potatoes all blossomed out, a patch of alfalfa and 12 acres of barley that would be hard to beat. He also has a flock of 23 sheep and 30 lambs that help to keep down the weeds around the fence posts and rocks. Mr. Fallon plans on retiring from the farm as he figures he has worked years enough.

Francis Fallon had gone to town when we called.

We had a very enjoyable visit and meal at Ben Iron's place this noon. We did not get to talk to Mr. Irons himself as he was working at the gravel pit. Mr. and Mrs. Irons are the proud possessors of a baby girl two weeks old, who has been named Iris May. Mr. Irons has farmed 320 acres for the past three years and is specializing in Guernsey cows. He is milking 15 at present. He served overseas with the 32nd Division, consequently he knows what hard

work is, and knows what can be accomplished when necessary. Miss Myrtle Lound is helping Mrs. Irons this summer.

Raymond Kienow who is renting his father's farm was found busy grinding feed for one of his neighbors. Mr. Kienow is breeding toward a Red Poll herd. His father remarked that when he came on to the place in 1896, the only roads at that time were bear and deer trails. He too, can see some radical changes in the community. Margaret Tholen of Aitkin, is visiting her friend Mrs. Kienow. Mrs. Kienow has taught school for the past five years and will teach at District 28 school this coming year.

We found Eric Nelson busy building the form for a new Champion silo. The cows will chew their cuds with contentment next winter when they get silage in their ration, besides filling the milk pail fuller for their owner. Mr. Nelson does not believe in using up all his profits having lumber sawed, as he has a rig of his own that is more or less a toy but works fine.

Carl Gorden has been farming 80 acres for six years. Today he was busy hauling manure. He has 10 milch cows and a purebred sire is at the head of the herd which means that in a few years he will have a highgrade herd of cows.

E. H. Cofer formerly lived in South Dakota coming to this state 15 years ago. Mrs. Cofer has over 300 little chicks and some that would make mighty fine eating. I think we will have to make an appointment to call there about noon some day. Besides running an 80 farm, Mr. Cofer has 12 cows to keep him busy.

It is not often that we run across some one who hails from the same town as the writer, but that is the case with J. W. Cofer who lived in Peterson, Ia., in 1864. Of course that was a few years before my time but nevertheless he was acquainted with several old timers whom the writer also knows. After living in Iowa 27 years, Mr. Cofer moved to South Dakota where he lived 12 years and then he came to Minnesota where he is farming 80 acres and milking seven cows of mixed breed.

W. H. TRIPLETT.

W. C. T. U. PICNIC

Members and Friends to Meet at Lum Park on Friday Afternoon

The W. C. T. U. members and friends will hold a picnic at Lum Park on Friday afternoon, June 25. Anyone planning to go on the bus are asked to be on the corner of Sixth and Laurel streets at 2:45 o'clock.

FLEUR DE LIS CLUB

North Oak Lawn Sewing Society Meets With Mrs. Wm. Schwendeman

The last meeting of the Fleur de Lis club of North Oak Lawn was held at the home of Mrs. William Schwendeman, Thursday, June 17, when the final lesson of the course

STOP FALLING HAIR

Grow Hair — this new way!

Inefficient tonics can now be discarded. An entirely new method of scalp treatment has been perfected. It is totally unlike anything you have ever seen or heard of before. Its simplicity will delight you. Its results amaze you. But one application each week or two for most scalp troubles. No after-odor. No greasy effect. Everything is just delightful.

Seborrhea Cause of Troubles

Well may you wonder at the marvelous results of this treatment. But we have studied scalp troubles scientifically and discovered some amazing facts. We found that the hair bulbs seldom die from natural causes. But frequently they become weakened. Seborrhea is most often the cause. The hair now becomes dull, lifeless, and starts falling excessively. But here is the marvelous thing. Remove infection—stimulate weakened hair bulbs to renewed activity and the hair grows thick and lustrous again.

HERE IS PROOF

"I consulted Dr. — of Johnston, Pa., my home town. His recommendation for this condition was 'STIM' — I had occasion to have my hair trimmed up a little last week and the barber noticed a lot of new hairs coming out along the front and sides where I was principally troubled."

E. H. C., State College, Pa.
"I have been using STIM and find it the best thing for baldness and have about lost my baldness covered."
E. S., Birmingham, Ala.

SYMPTOMS OF SEBORRHEA

the most frequent cause of Premature Baldness
FALLING HAIR
ITCHING SCALP
DANDRUFF
DRY SCALP
OILY HAIR
BRITTLE HAIR

These common and seemingly harmless scalp ailments are sure signs of approaching trouble. This new method now combats them scientifically.

New Method Combats It

Now we have found a way of combatting Seborrhea. A new method of stimulating hair growth. This treatment is called STIM. Its success is amazing. It stops Falling Hair as if by magic. Removes dandruff with a treatment or two. Stimulates the hair to thicker, heavier growth. Gives a new radiance and lustre that will surprise and delight you.

Results Now Guaranteed

No matter what your condition—or how many "tonics" you have used without avail—you now owe it to yourself to give this scientific method a fair trial. It must stop Falling Hair. Must destroy Dandruff. Must stimulate new hair growth—or it costs nothing. You are the sole judge. In every package is our written guarantee that results must satisfy you or money back. Could we possibly make you a fairer offer? We urge you to accept it today.

WOMEN, TOO

"It is a wonderful treatment. My head was bald almost and since I used STIM my hair has all grown back."

(Miss) M. L., Youngstown, Ohio
"My hair is white and I never knew it could be so pretty. It fairly glitters after a STIM treatment."

(Mrs.) J. B. D., Chicago, Ill.

"My hair has improved wonderfully. I also recommended STIM to my sister and she is greatly satisfied."
(Miss) E. F. M., South Orange, N. J.

THE SIXTH DISTRICT RACE

Nearly complete returns from every county in the Sixth district show that Harold Knutson carried every county, and when the official vote is made he will have at least 23,000 in the district, leading Freeman by 12,000 and having a clear majority over both Freeman and Wadsworth of above 6,000.

Himsel is the Farmer-Labor candidate, his big lead in Stearns county giving him the margin by less than 2,000 over John Knutsen, who was his runner up. In every county save Stearns and Benton John Knutsen received a larger vote than did Himsel.

The total vote cast for the Republican candidates will be over 40,000, and the total Farmer-Labor vote will be about 15,000.

	Farmer-Labor					Republican	
	Himsel	Bonma	Hendrickson	Knutsen	Taylor	Knutson	Freeman
Aitkin County	39	56	88	256	279	1360	345
Beltrami County	39	56	88	256	279	1360	495

6003 2624 2018 4100 1762 22363 10372 5694

Knutson over Freeman 11,991; Knutson's majority over both 6,197.

was discussed by the leaders.

Plans were made for achievement day to be held at Lum Park on July 16.

Mrs. A. H. Aspholm was appointed on the publicity committee and Mrs. Dan Peterson will take charge of the club's exhibit that day.

The club's part of the entertainment was planned at the meeting so there was no committee appointed.

The members are hoping they may be able to take up the work again this fall.

OFFICIAL RETURNS ON COUNTY ELECTION

The unofficial election returns complete as published in last night's Dispatch tally almost correctly throughout with the official figures announced today by the canvassing board, so it has been deemed unnecessary to publish today the official figures.

The complete, unofficial figures for Morrison county for State Senator gives C. Rosenmeier, 5,533, F. P. Atwood, 637, and Basil Heath, 674 votes.

NASH-FINCH TRUCK SERVICE

Daily Truck Trips Made by Wholesale House to the Cuyuna Range

SERVICE STARTED MONDAY

Four New Men Added to Payroll of Corporation in Brainerd

The Nash-Finch Co., wholesalers, of Brainerd have established a daily truck service between Brainerd and the range towns to accomodate their many new customers there.

The service was started on Monday of this week. Towns included

on the route are Riverton, Cuyuna, Deerwood, Ironton and Crosby.

The new service has already brought such results from the Range that four new men have been employed at the wholesale house here.

M. W. Pierce, manager of the Nash-Finch house here in announcing the new service this morning said: "It is going to mean a lot to us and to Brainerd. It will help a lot to swing business from the range to Brainerd instead of to the cities. It is going to help the wholesalers and retailers of Brainerd and will indirectly help the consumers."

The initial cost of establishing the truck service was \$4,000.

Film Finery for Charity

PLACING MINNESOTA BEFORE TOURISTS

THE Ten Thousand Lakes Association is not only the pioneer organization promoting tourist activities in Minnesota, but it is the only organization of a state-wide character that is placing Minnesota before the tourists. In a sense it acts as a clearing house for tourist committees of various communities or sections and regional associations that may be promoting tourist activities in various parts of the state.

Minnesota has been so fortunate, at the hand of nature, that there is hardly a spot within her borders that is not especially well favored as far as scenic beauty is concerned. This being true, the entire state reaps the benefits of the work of the Ten Thousand Lakes Association. Minnesota, proud of every acre within her bounds, surely should endorse the state-wide promotion work that has proved successful so far and give it even greater support than it has had in the past.

A "united Minnesota," working harmoniously will accomplish much more than a Minnesota, competing against herself with more or less sectional jealousy. The main requirement is to sell the state to the world and all sections or communities will automatically reap the benefit. It's much easier to "sell" one state than a thousand communities and the cost is infinitely less. Considering the amount of money the Minnesota state-wide organization has had to spend the returns have been marvelous, and every community in the state has received handsome returns from what it has invested in the work. In 1925 the number of tourists passed the million mark and now we can look forward to the period when that astounding number will be doubled.

There probably has never been a time in history when Minnesota has received as much publicity as during 1925. This is especially true so far as magazine publicity is concerned. Directly and indirectly the Ten Thousand Lakes Association has supplied material for dozens of magazine articles. Before and during the tourist season articles were prepared for newspapers throughout the country. Splendid response was received.

Thousands of paper fish bearing ten thousand lakes publicity material have been distributed. Most of these were used for convention publicity.

Splendid publicity has already been assured for 1926 through some of the leading outdoor writers of the country.

The Ten Thousand Lakes Association is not solely interested in bringing tourists to Minnesota. It is also interested in bringing permanent settlers into the state. And because of its activities many persons have been induced to come here and become property owners and consequently taxpayers within the state. This has been the inevitable result when those from the outside have viewed our wonderful fertile fields, our comfortable farm homes and our land dotted with prosperous creameries, cheese and canning factories.

(Extracts from 1925 annual report of Secretary, Ten Thousand Lakes of Minnesota Association.)

LIGHTEN DUTIES OF TRAIN DISPATCHERS

GRADUALLY science is coming to the aid of the much-worked train dispatcher. A long time ago THE DISPATCH mentioned that radio would solve many of the difficulties of a dispatcher and would enable him to keep tab on a freight train and its operations. For instance, if the freight had trouble before it even got out of Brainerd and to the next station, a radio message would so inform the dispatcher and permit him to send aid or to make allowance for slower running time. If a pile of freight had accumulated at some station and necessitated a longer stay, the fact would be radioed in. There would be no more collisions, for one train may keep in touch with another and the old days of running on "smoke signals" when wire service broke down, would be done away with.

Successful tests in the direction and operation of freight trains by radio telephony have been completed by the New York Central lines and a new era in freight train operation appears at hand. As stated in an Associated Press telegram from Chicago, tests were made between Elkhart and Pinola, Ind., on the New York Central line, with an engine and caboose, each specially equipped with radio phones operating on 115 meters, and using three tubes for transmitting and four for receiving. The sets were made by the Zenith Radio corporation of Chicago, and the tests were conducted under the auspices of the telephone and telegraph section of the American Railway association. Such reputable companies conducting the tests certainly gave them some standing and authority.

Conversations from engine to caboose and vice versa were carried on for five hours during a severe electrical and rain storm and no interference from steel bridges, power lines or passing trains was detected, the report to E. C. Kennan, general superintendent of the telephone and telegraph department of the road, says.

A test to determine the value of radio in a 100-car train was made when the engine, detached from the caboose, traveled four miles and continued conversations with the train crew. Antennas on special supports are used on the engine and caboose with a forty-watt oscillator, fifty-watt modulator and seven and one-half watts for speech amplification. The sets are small enough to make them of a portable type.

POSTPONE PEONY SHOW

THE peony show has been postponed because of the poor weather in the growing season. Very few peonies were found to have opened normally and many blooms were found to be imperfect.

The County Garden Flower society now expects to put on a good show at the time of the autumn flowers. The June rains have been effective in changing weather conditions and will affect future growth.

Through the activity of President L. P. Hall, a wonderful prize list had been accumulated. Growers far and wide had contributed. Every contingency had been taken care of. But of course, no one can direct the weather which enters so largely a factor in the growing of perfect flowers.

THE Thorpe people of Minneapolis, lake realtors, have built a "honeymoon" cottage near Sherlund's.

BRAINERD
25 YEARS AGO
From the Daily Dispatch

June 24, 1901
* * * Last night, Peabody's hall presented an unusually happy scene when the silver wedding of Mr. and Mrs. B. Kaatz was celebrated, something like 150 friends of the happy couple being present to help remind them of the pleasant places in a life of 25 years together.

The people up in Stearns county must be easy marks. Hancock's American Mining Investment Co. gathered in about \$30,000 up there and a band of gypsy girls carried away nearly as much more. The rubes are wondering what is coming along next.—Red Wing Daily Republic.

This afternoon the hearts of about 150 members employed in the motive department of the Northern Pacific shops of the city were made glad, each one receiving a notification from Master Mechanic Bean that their wages had been advanced voluntarily by the company. The raise affects all the first class blacksmiths, machinists and boiler makers, some of them having their wages advanced from \$2.50 to \$3.00 per day and others getting an advance from \$2.95 to \$3.00.

This afternoon, Assistant Chief Engineer Battinger of the N. P. will conduct a test of the N. P. bridge across the Mississippi. The bridge has just been completed after a year's work but during all that time not a single train has been delayed. During the course of construction the old bridge was removed piece by piece until the new one was put in. Superintendent E. L. Brown of Duluth will witness the test.

Hon. Leon E. Lum, Duluth is in the city.

Senator Jepsen, Minneapolis spent Saturday afternoon in the city.

R. Parker left this noon for St. Paul where he has been drawn as a juror in the United States court.

C. F. Anderson, John Bye and Fred S. Johnson returned this morning from Deerwood where they fished Sunday. They caught a good string.

Wm. Bredford left today for Minneapolis to attend the liquor dealer's convention.

The company F ball at Gardner's hall Saturday evening was largely attended and the boys netted a very neat sum. There were about 50 couple.

Bishop Mottison passed through the city this morning en route to Duluth from Leach Lake where he consecrated a new Episcopal church yesterday. While in the city he lunched at St. Paul's rectory with Rev. Roderick J. Mooney.

DAVIS CONGRATULATES MAGNUS JOHNSON

Minneapolis, June 24.—(UP)—Magnus Johnson, successful candidate for the farmer-labor nomination for governor, has received the congratulations of Tom Davis, Minneapolis attorney, his opponent. Davis, who steadfastly refused to concede defeat finally telephoned his good wishes to Magnus and promised him support in the general election.

Magnus' lead over Davis stands around 10,000 votes, while Governor Theodore Christianson's margin over Mayor George E. Leach of Minneapolis will reach about 155,000.

FIGHT AGAINST BOOTLEG LIQUOR

Washington, June 24.—(UP)—Latest developments in General Andrews' fight against bootleg liquor, as disclosed by Andrews' testimony before the house appropriations committee made public today included:

1. Beer will be off the market by Christmas.
2. "I don't believe people are being seriously poisoned" (by bootleg liquor).
3. Practically all secret service men will be transformed into prohibition agents.
4. The Florida front is the greatest liquor smuggling problem.

Says American Girls Are Best Screen Material

American girls have the best features for the screen.

They have smaller bodies than their European sisters, are more petite and they have more interesting faces.

These are some of the observations of Benjamin Christianson, noted Danish director who made his first American production "The Devil's Circus," showing at the Lyceum tonight and Friday with Norma Shearer and Charles Emmett Mack in the leading roles.

JONES AND MEHLHORN IN LEAD AT ST. ANNE'S

WREST HONORS FROM FELLOW AMERICAN, WALTER HAGEN

SECOND ROUND OF THE BRITISH OPEN GOLF TOURNAMENT

By HENRY L. FARRELL
(United Press Staff Correspondent)

St. Anne's on the Sea, England, June 24.—(UP)—Bobby Jones and Wild Bill Mehlhorn, amateur and professional, respectively, today wrested the lead from their fellow American, Walter Hagen, in the second round of the British open golf tournament.

Mehlhorn's 74, coupled with yesterday's 70, put him ahead with an aggregate of 144 and Jones with two rounds of 72, had the same total. Hagen was a stroke behind, having slumped today with a 77 as compared with yesterday's startling 68.

Jones and Mehlhorn were seven strokes ahead of any of the British entrants.

Four Britishers, Arthur Havers, George Gadd, W. L. Hartley and H. Walker were tied at 151.

Cyril Walker, another American professional, bettered his position when he made a 71, for an aggregate of 150. Antonio Perez of Argentina, needed 75 today for a total of 151.

Jim Barnes, the defending champion, also had a disastrous round, however. He tried in vain to better yesterday's 79 and had to be content with an 80 for an aggregate of 157.

The golfers who will remain in the play tomorrow are those who are less than 15 strokes back of the leader. Under that ruling Cyril Tolley, veteran British amateur, was shut out when he took an 86 for an aggregate of 164. George Gadd, British star, turned in a brilliant 71 for a total of 151.

Watts Gunn also was automatically dropped from the tournament when he made an 80, bringing his score to 162.

Tom Wilson, young Scot, who yesterday was tied for sixth place behind five Americans, with a 73, was scratched. That made even more unlikely the prospect of an ultimate British victory.

Emmet French, American professional, remained in the running with a 75-151, as did George Duncan, British veteran, with 79-154.

Roland Mackenzie, young American amateur, was forced out with an aggregate of 163, when he took 83 strokes today. Jose Jurado, Argentine star, was well up with a 76 for a total of 152.

George Von Elm, with a brilliant 72, fell into fourth place behind Hagen with 147.

Joe Kirkwood had a 76, giving him 157 for the 36 holes.

Abe Mitchell who was the favorite among the leaders before the tournament started, had another disappointing round today, making a 78 for a total of 156.

BRITISH COLUMBIA TOWN REPORTS SEEING RING

Minneapolis, June 24.—(UP)—County Attorney Floyd B. Olson announced today he had received a telegram from authorities in a British Columbia city who believe a man in custody there is Lewis J. Ring, Minneapolis business man under indictment on a charge of murder.

Olson immediately wired the Canadian authorities to arrest the man and hold him pending the arrival of a special investigator, who will bring extradition proceedings if the suspect can be identified as Ring.

Pending the formal arrest, Olson declined to make public the name of the Canadian city, but said the authorities there were convinced the suspect is Ring.

A grand jury indicted Ring after a coroner's examination revealed that Mrs. Ring, whose body was found in Lake Pepin near Ellsworth, Wis., had not drowned, as believed, but had been killed by blows. Ring disappeared from his home here two days after Mrs. Ring dropped out of sight.

PAUL A. PREUS RESIGNS FROM BANK

St. Paul, June 24.—(UP)—Resignation of Paul A. Preus of St. Paul, treasurer of the Federal Land Bank for the seventh district, was announced today by H. K. Jennings, president.

E. J. Vanleuven of Mount Pleasant, Mich., who has been connected with the institution since its organization, has been chosen as Preus' successor. He has represented Michigan and Wisconsin as a director for three years. Minnesota and North Dakota also are included in the district.

Preus is on a motor tour in the west, but a statement from him made public by Jennings expressed regret that ill health forced his retirement.

In the Kitchen with 6 Famous Cooks

A MEATLESS MEAL, "FIT FOR COMPANY"

(Ed. Note: This is one of a special series of articles contributed by 6 Famous Cooks. Their recipes are "different." Cut them out and paste them in your cook book.)

At the Battle Creek College of Home Economics they specialize in planning and preparing well-balanced meals which are both attractive to the eye and nutritious to eat.

Miss Margaret Allen Hall, dietitian and nutrition expert of the college, has prepared for our readers a "company" menu which is particularly palatable, even though it is absolutely meatless. Proportions are given for the serving of ten.

Eggs a la King
Glazed Sweet Potatoes
Ritzi Tomatoes
Fruit Salad a la Creme
Bread
Beverage
Butterscotch Pie
Directions for each dish follow.

Eggs a la King
8 tablespoons butter
4 tablespoons minced sweet pepper
4 cups (one quart) milk
8 tablespoons flour
2 cups mushrooms (fresh or canned)
12 hard boiled eggs, cut in pieces
2 teaspoons salt
Melt butter, add pepper and mushrooms, and cook until soft. Stir in flour and add milk. Stir until thickened. Add seasoning and eggs. Heat very hot and serve on squares of toast; or pour into a baking dish and sprinkle with buttered crumbs and brown in a quick oven.

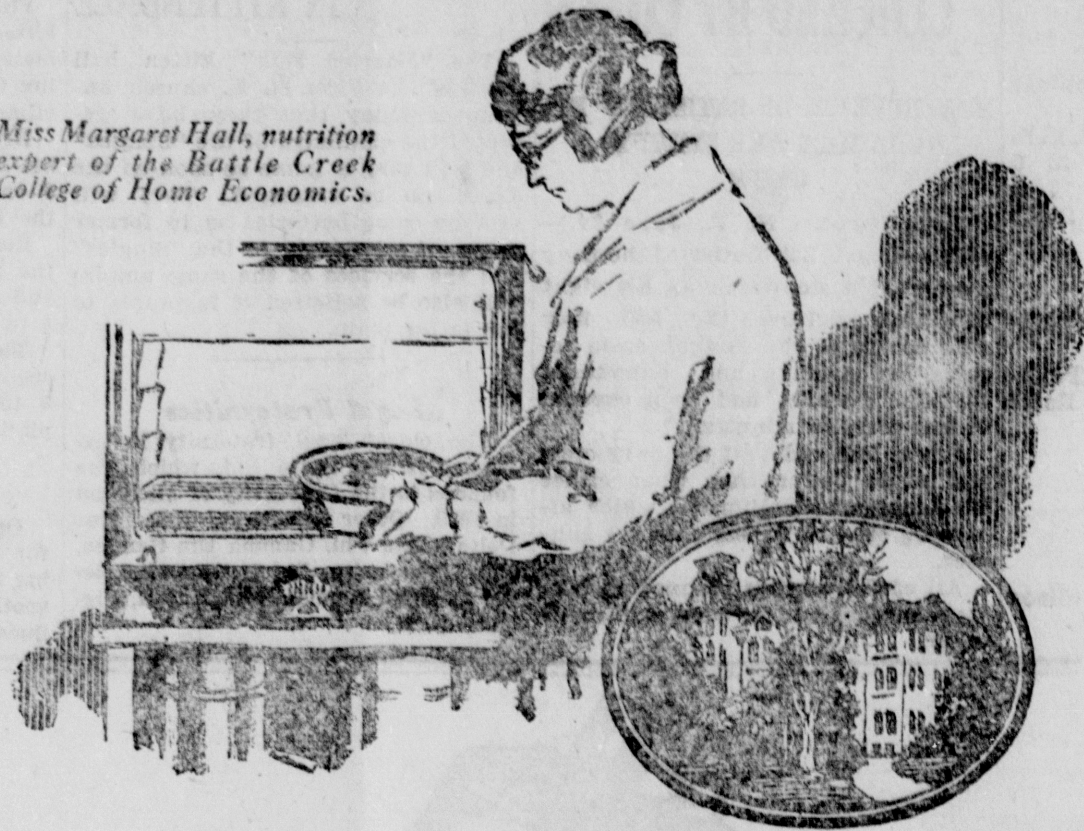

Glazed Sweet Potatoes
12 medium-sized sweet potatoes
1½ cups sugar
½ cup water
3 tablespoons butter
Boil the sweet potatoes in salted water for ten minutes, remove the skins and cut in halves lengthwise. Arrange in a buttered pan. Make a syrup by boiling the sugar and water for three minutes. Add the butter. Brush potatoes with syrup and bake until brown, heating with remaining syrup. Serve in a hot covered dish.

Ritzi Tomatoes
Slice bread in usual manner, shape with three-inch biscuit cutter and toast. Slice ripe tomatoes, place a slice on toast, sprinkle with salt, grated cheese or cottage cheese and onion, and finely chopped pepper. Bake in hot oven until tomatoes are cooked and slightly browned.

Fruit Salad a la Creme
2 large bananas
1 pint sliced pineapple
1 pound Tokay or Malaga grapes
1 cup Cream Salad Dressing
Drain the pineapple and cut into small pieces. Peel the grapes, cut into halves and remove the seeds. Peel the bananas, scrape off the fuzzy portions, and dice. Mix with the Cream Salad Dressing and serve on a plate garnished with lettuce, or place a spoonful of fruit on the lettuce leaf with a smaller spoonful of the dressing.

Cream Salad Dressing:
2 tablespoons butter
2 tablespoons flour
1 cup cream
½ cup lemon juice
2 egg yolks
½ teaspoon salt
2 tablespoons sugar
2 cups whipped cream
Melt the butter in a double boiler, stir in the flour and the cream (sour milk being preferable). Stir until

Miss Margaret Hall, nutrition expert of the Battle Creek College of Home Economics.

Scientific Battle Creek was more than satisfied

Great institution recommends Perfection after exacting tests

TRULY scientific is the Battle Creek College of Home Economics. Its nutrition expert, Miss Margaret Allen Hall, cooked many meals on a Perfection in a nation-wide cooking test conducted by six famous cooks. Miss Hall expressed the most complete satisfaction with the Perfection.

The results were fine

"Whether I broiled mushrooms, boiled peas or fried timbale cases the results were fine," she said. "The stove lighted quickly. Its heat was steady and even and so easily regulated that I cooked all those dishes at the same time, using a different grade of heat for each."

The flame is steady

"The flame did not creep or crawl. I tested the oven with a standard oven thermometer and found that I could keep it any length of time at the temperature I desired. This is very necessary for successful baking."

Odors don't mix in the oven

"One meal I cooked entirely in the oven, corn and cheese soufflé, stuffed tomatoes seasoned with onions, and angel food cake. There was no mingling of odors. This meal saved fuel, too, as I used only one burner. Through the glass doors I could see at any moment how every dish was getting along."

"The Perfection is easy to handle and easy to keep clean. And I didn't have to scrub pots and pans. The long chimneys prevented discoloration. From the former knowledge I had of oil stoves, my expectations were exceeded by the performance of the Perfection."

Battle Creek Recommends

This recommendation came from the Battle Creek College of Home Economics after the most exacting laboratory tests. Scientific Battle Creek was more than satisfied. And the Perfection was proved ready to meet the cooking needs of any household.

All six famous cooks recommend the Perfection. Every day 4,500,000 women with Perfections in their kitchens are having real cooking satisfaction.

See Perfections today

See the complete line at any dealer's. Sizes—from a one-burner model at \$7.25 to a five-burner range at \$130.00. Select the stove that best fits the needs of your family. Cook on the Perfection—approved by Battle Creek College.

PERFECTION STOVE COMPANY
St. Paul Branch—739 Pillsbury Avenue

PERFECTION Oil Cook Stoves and Ovens

WARNING: Use only genuine Perfection wicks on Perfection Stoves. They are marked with red triangle. Others will cause trouble.

Endorsed by 6 famous cooks

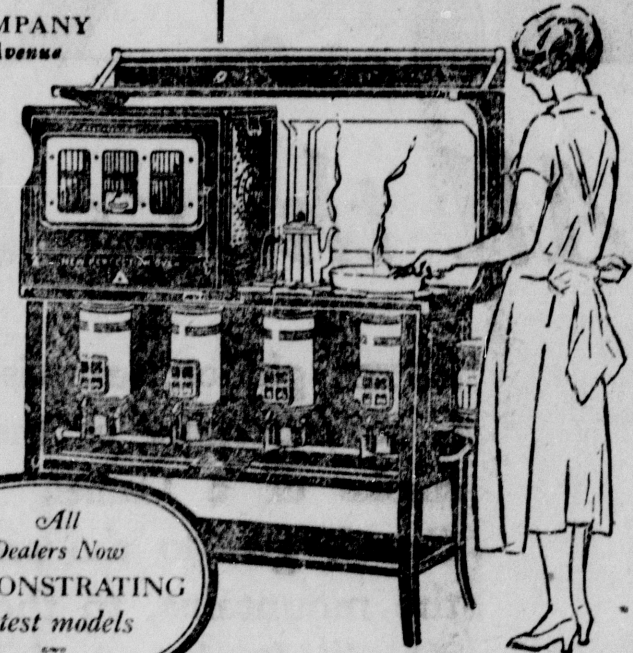

Send today for our free booklet "Favorite Menus and Recipes of 6 Famous Cooks."

"For doughnuts or French-fried potatoes, use a flame with yellow tips 1½ inches above the blue area," Miss Hall advises.

"The long chimneys," Miss Hall says, "intensify the heat and insure clean kettle bottoms."

All Dealers Now DEMONSTRATING latest models

It begins to thicken. Beat the egg-yolks, add to them the salt, sugar and lemon juice, and turn into the thickened cream. Cook in a double boiler about five minutes, or until the eggs begin to thicken. Cool, and fold in the whipped cream.

Butterscotch Pie

Plain Pastry:
2 cups flour
½ cup fat
1 teaspoon salt
Ice water

Mix salt with flour. Cut fat into flour with two knives. Add just enough ice water to hold mixture together without its being sticky. Roll lightly from center outward. This is sufficient pastry for double crusts of one large pie, or two pastry shells.

Butterscotch Filling (for two pies)
4 egg yolks
4 cups dark brown sugar
1 cup milk
1 cup flour
½ cup butter
3 teaspoons vanilla extract

Beat yolks of eggs in inside of double boiler, add milk and butter. Mix flour with sugar, and add to milk mixture. Cook until thickened. Remove from fire and cool. Fill cooked pastry shells. Cover with whipped cream or meringue.

Make a meringue with the four egg whites beaten until stiff, fold in four tablespoons powdered sugar, pile irregularly on top of the pie and bake in moderate oven until brown.

A meatless meal, yes. But who would ever miss the meat?
(Be sure to read next week's special cook-article.)

Why Long Chimneys?

Many women wonder why oil stoves with long chimneys are superior to those with short ones. It is because the long chimneys insure perfect combustion. In other words, every drop of oil is completely burned before the heat reaches the cooking. There is no chance for soot or odor.

Short chimney stoves as a rule focus the heat in one point—the very center of the burner. Long chimney stoves focus the heat on the bottom of the kettle, but diffuse it over the entire kettle bottom. That's why food cooked on long chimney stoves is better done.

MICKEY WALKER MEETS DUNDEE TONIGHT

MAY MAKE HIS LAST STAND AS CLASSY BOXER

WALKER WAS RECENTLY DE-
THRONED BY PETE LATZO
OF SCRANTON

DUNDEE SEEKS DEFEAT OF
WALKER TO GAIN CHANCE
AT LATZO

By PAUL W. WHITE
(United Press Staff Correspondent)
New York, June 24. — Mickey Walker, erstwhile world's welterweight champion, tonight will make what may be his last stand as a high ranking boxer when he goes up against Joe Dundee of Baltimore in a 10-round bout at Madison Square Garden.

Walker, dethroned by Pete Latzo, will have to win tonight if he is to be given a chance to regain his title. A defeat will thrust him back among other eager challengers and the welterweight division is packed with them.

Dundee, with victories over William Harmon, Georgie Levine and Tommy Freeman, was unable to get a fight with Walker while Mickey was champion. Now he must defeat the New Jersey battler to gain a chance at Latzo.

It is probable that the winner of tonight's fight will meet Latzo in August. The Scranton miner seems willing to defend his title against all comers and if he continues this frame of mind will prove as popular a champion as any fighter in the business.

Tex Rickard, after putting on this bout again will take up the question of where his heavyweight championship match between Jack Dempsey and Gene Tunney will be staged.

The promoter is determined to hold the fight September 16, and thus far is considering only two sites, Boyle's Thirty Acres in New Jersey and the municipal owned stadium in Chicago.

Rickard plans to leave here Saturday for Chicago to talk things over with some promoters there who are reported to be angling for the bout.

The names of the Chicagoans have not been divulged.

Tex pointed out that the stadium in the Illinois city would hold at least 100,000 persons and that it might be possible to charge as much as \$50 for ringside seats for a 10-round decision bout. Thus there would be no worries about the financial angles of a Chicago match.

Since non-residents are not allowed to promote fights under the new Illinois boxing law, Rickard would be only an adviser if he sold the match to the Chicago men. And Tex's penchant for showmanship is so well known that it is regarded unlikely he would give up the bout unless paid a stupendous price for it. Boyle's Thirty Acres remains the best bet.

SPECTACULAR GOLF FLASHED, ST. LOUIS

St. Louis, June 24. — (UP) — Spectacular golf by two Omaha youngsters featured the first and second rounds of the Trans-Mississippi golf tournament yesterday.

Frank Siedlick, 16-year-old school boy, forced Eddie Held, reigning favorite, to the limit in the opening round, losing by a 4 and 2 score.

Jack Pollard, his side kick, sprang the big surprise of the day's play, when he defeated Clarence Wolf of St. Louis, defending champion, by a score of 2 and 1.

The leading match scheduled on today's card is that of Eddie Held and Jimmy Manion, both St. Louis golfers.

Today's pairings in the championship flights are:

Eddie Held, St. Louis, versus Jas. Manion, St. Louis.

Roger E. Lord, St. Louis, versus J. W. Pollard, Omaha.

J. W. Dawson, Chicago, versus Joel Pappin, Joplin, Mo.

John Goodman, Omaha, versus David C. Carter, Nevada, Mo.

SUZANNE LENGLEN MAY WITHDRAW FROM TOURNAMENT

Wimbledon, England, June 24. — (UP) — Suzanne Lenglen may withdraw from further competition in the Wimbledon tournament, Jacques Brugnon, French star and friend of the champion, told the United Press late today.

It was announced at the courts soon after Suzanne and Mlle. Didi Vlasto had been defeated by Miss Mary K. Browne and Miss Elizabeth Ryan in the women's doubles that Mlle. Lenglen's scheduled singles match with Miss Dewhurst had been postponed.

NAVY CREW IS CLOCKED BY COACH

BOB BUTLER IS SATISFIED HIS
CHARGES ARE SPEEDY
CREW

Poughkeepsie, N. Y., June 24. — (UP) — Coach Bob Butler of the navy crew held a stopwatch on his eight in a time trial over the full four mile course of the Poughkeepsie regatta last evening and announced that the distance had been covered in less than 20 minutes.

It was believed that the navy crew had made better time than either Washington or California, which also were clocked in less than 20 minutes.

All of the coaches planned to take their charges out for some stiff drills today.

MARRIED MEN TO PLAY SINGLES IN KITTENBALL

The "Married Men" kitten ball team of the First M. E. church announced today that they have accepted the challenge of the "Singles" and will play a game as soon as the dates can be arranged. They will use the same batteries as in former games if acceptable to the "Singles" and the services of the same umpire will also be solicited if favorable to the latter team.

Legal Fraternities

The oldest legal fraternity in existence is Phi Delta Phi, which was founded in the University of Michigan in 1869. Other legal fraternities are: Delta Theta Phi, Gamma Eta Gamma, Phi Alpha Delta, Phi Delta Delta (legal women), Sigma Delta Kappa, Sigma Nu Phi.

Watching the Scoreboard

Yesterday's Hero — Tolson, Cub pinch hitter, who hit a home run with a mate on base in the 10th inning, giving Chicago a 5 to 3 victory over Cincinnati.

Brooklyn won two games of a double header from the Braves 3 to 1 and 6 to 4. Ninth inning rallies turned the trick in both games.

Rogers Hornsby hit a home run with the bases filled in the seventh inning and the Cardinals downed Pittsburgh, 6 to 2.

The Chicago White Sox moved into second place by defeating Cleveland, 5 to 3, behind Blankenship's steady pitching.

Keep Orange on Menu

Oranges have many claims made for them, including those of improving the complexion, easing sore throats, soothing the nerves, helping to cure influenza, and curing insomnia.

How you spend the 4th of July depends on where you spend the next few days

Some men regard the 4th as merely a date on the calendar.

Others remain in bed until 9—putter about the house until 11—and then sally forth butterflies of fashion. And it's these men who most enjoy their holiday.

Now that we have established the reason for new clothes—we want to tell you that here is a big whopping storeful at most reasonable prices.

Kirschbaum Cool Suits.....\$12.50 to \$18.00

New Straws.....\$2.00 to \$3.50

Matched Collar Shirts.....\$1.50 to \$3.50

All that's best in a cigarette

AFTER glorious exercise nothing is so refreshing as the fragrant smoke of a Camel. Wherever Camels go—to the seashore, to the mountains, to the office—they bring pleasure, full smoking enjoyment.

No other cigarette made ever gladdened the taste of so many millions, for Camels are made of the choicest tobaccos grown. Camels alone satisfy the taste for all that's best in a cigarette, for Camel blending can be found nowhere else at any price. Camels never tire the taste, never leave a cigaretty after-taste.

Camel leadership over all other cigarettes shows that the smokers of America want smoking quality. Camel success is built up on goodness, by the world's largest tobacco organization. Each year the makers of Camels spend millions for quality, and not one cent for frills or fancy wrappings.

No two ways about it, Camels are the finest pleasure, the richest contentment that ever came from a cigarette. If you haven't yet found the utmost in cigarette goodness, answer the most popular smoke invitation ever sounded—

Have a Camel!

ACHIEVEMENT DAY CLOTHING PROJECT

600 Women of County to Take Part in Exhibition of Handiwork at Lum Park Friday, July 16

42 GROUPS REPRESENTED

Each Group to Display Posters Illustrating What They Learned at Their Lessons

The Clothing Project carried on in Crow Wing county through the County Agent and Farm Bureau office in which over 600 women of the county took part will be concluded with an Achievement Day to be held at Lum Park on July 16th, Friday.

At this time each of the 42 groups will have an exhibit of material made by the members, on display at the Lum park pavilion. Each group will also display posters illustrating what they learned at their lessons during the spring.

It is planned to make July 16th a community picnic to which everyone in the county is invited to attend. Lum park will be open from 10 o'clock to 6 o'clock for this purpose. Everyone is asked to bring with them their own basket lunches. Coffee will be served free on the grounds.

The general committee in charge of this work consists of the presidents of the local leader groups and program chairmen. Those on the general committee are the following: Mrs. C. H. Kylio, president of the Brainerd Local Leaders' group No. 1; Mrs. T. L. Livingstone, secretary of Brainerd Local Leaders' Group No. 1; Mrs. Ben Wagner, president of the Pequot Local Leaders' Group and Mrs. E. T. Lee, president of the Crosby Local Leaders' Group and the program chairmen of the different groups, Mrs. T. G. Dykeman, Brainerd; Mrs. Wm. Wunderlich, Brainerd; Mrs. J. J. Borst, Pequot and Mrs. Wm. McQuoid, Crosby.

The other committees are as follows: Brainerd Group No. 1 Publicity Committee—Mrs. Frank Penbody, Merrifield; Mrs. Wm. Van Zant, Brainerd; Mrs. John Anderson, Brainerd; Mrs. H. M. Hoff, Brainerd, and Mrs. Fred Bock. Brainerd Group No. 11 Publicity Committee—Mrs. Clayton Hess, Brainerd; Mrs. A. H. Aspholm, Brainerd; Pearl Henningson, Brainerd; Mrs. H. R. Congdon, Brainerd; and Mrs. G. E. Burrows, Brainerd.

Pequot Group Publicity Committee—Mrs. E. W. Marshall, Pequot; Mrs. Wiseman, Jenkins; Mrs. H. O. Larson, Pequot and Mrs. H. J. Johnson, Pequot. And the Crosby Group Publicity Committee—Mrs. W. R. Mellen, chairman, Crosby; Mrs. Ed. Wearne, Crosby; Mrs. L. J. Dressely, Deerwood; Mrs. George Ridley, Ironton; and Mrs. J. W. Huff, Crosby. Brainerd Group No. 1 Reception Committee—Mrs. W. C. Haire, Merrifield; Mrs. A. L. Gage, Merrifield; Mrs. S. E. Beavers, Pequot; and Mrs. Ernest Persson, Brainerd.

Pequot Group Reception Committee—Mrs. R. G. Hart, Pequot; Mrs. Ed. Bruner, Pequot; and Mrs. Dally. Pequot. Crosby Group Reception Committee—Mrs. A. J. Samways, Crosby; Mrs. Cora Kramer, River-ton; Mrs. Wm. Taylor, Deerwood; and Mrs. W. A. Childs, Deerwood. Hall Committee—Mrs. Ole Sunde, Brainerd and Mrs. T. H. Easton, Brainerd. Brainerd Group No. 1 Program Committee—Mrs. Walter Wunderlich, Flak; Mrs. Jos. Pointon, Brainerd; Mrs. A. L. Gage, Merrifield; and Mrs. Bert Sabin, Mission. Brainerd Group No. 11 Program Committee—Mrs. T. G. Dykeman, Brainerd; Mrs. Minnie Phillips, Brainerd; Mrs. Frank Thienes, Brainerd; and Miss Alice Smart, Brainerd. Pequot Group Program Committee—Mrs. J. J. Borst, Pequot; Mrs. Dally, Pequot; and Mrs. J. M. Atwater, Pequot. Crosby Group Program Committee—Mrs. Wm. McQuoid, Crosby; Mrs. O. C. Coffin, Deerwood; and Mrs. J. Towler, Crosby. Brainerd Group No. 1 Lunch Committee—Mrs. H. L. Stearns, Brainerd; and Mrs. A. N. Lovsted, Brainerd. Brainerd Group No. 11—Mrs. A. E. Claus, Fort Ripley; Mrs. John Tautges, Fort Ripley; and Mrs. C. N. Strang, Brainerd. Crosby Group Lunch Committee—Mrs. H. E. Workman, Deerwood; and Mrs. Amelia Kagel, Aitkin.

Each of the 42 groups will have part in the program, putting on a song, skit, dance or other original feature.

The different sewing groups will come with distinctive labels, dresses, or something else to distinguish their communities.

This is the biggest program and extension project ever attempted in the county, and the sewing groups are inviting the whole county the city and rural people, to enjoy the day with them, July 16th.

FAREWELL PARTY

Members and Friends of Evangelical Church Honor the Warrick Families

The members and friends of the Evangelical church of Northeast Brainerd on Friday evening, June 18, gave a farewell party at the home of Mr. and Mrs. Herman Ebinger in honor of Mr. and Mrs. C.

Warwick and Mr. and Mrs. Ritchie Warwick and children. There was a large attendance present and all enjoyed a very pleasant evening.

A delicious lunch was served by the ladies aid after which Rev. Strothman gave a talk on the occasion and presented the honored guests with beautiful gifts. The Warricks leave soon for Minneapolis where they will be employed by the Woodhead Motor company. The best wishes of their many friends go with them.

ZIERKE CASE IS COMPLETED

Sued City Council For Salary Claimed Due Him as Chief of Police

JUDGE STANTON PRESIDES

Takes Case Under Advisement, Decision Expected Soon

The case of Roy N. Zierke vs. E. T. Fleener et al in which Zierke is suing the city council for salary he claims due him as chief of police was concluded yesterday afternoon. The case was heard in district court before Judge Stanton, who took the same under advisement.

D. H. Fullerton, city attorney, shortened the time of the case considerably when he declined to introduce any witnesses on the stand for the defense. He submitted the records of the city council, the city charter, and the letter notifying Zierke of actions of the city council towards him, as evidence to prove that Zierke was not in the employ of the city.

Mr. Wheeler, Duluth, attorney for Zierke, produced witnesses to show that the council had accepted Zierke's work as chief of police.

Thanks to Voters

I wish to express to my friends my sincere thanks and appreciation for their efforts in my behalf and for the splendid vote they gave me at the primary election.

Sincerely,
FRANK J. LOWEY.

TO INSTALL WATER TOBOGGAN SLIDE

Park Board Purchases Same From Playground & Gymnasium Company

PLACED AT LUM PARK

Slide is 100 Feet Long, Offers One of Most Thrilling Water Sports

The park board has purchased from the Playground and Gymnasium Equipment company of Minneapolis the largest water toboggan slide that this company manufactures. It arrived today and is being hauled to Lum Park. Experts will arrive tomorrow and begin its erection, about three days being required to complete the job.

The slide consists of a very high and long tower with a stairway leading to the top and a curved slide that leads from the top of the tower to the water. The slide itself is 100 feet long. The toboggans, of which the board has purchased a large number are placed on the slides and coast for a great distance until they hit the water.

This is said to be one of the most thrilling of water sports and is greatly likened to surf board riding. It is perfectly safe and will provide a great deal of amusement for all visitors at the park.

The Minneapolis park board has had three slides in operation for the last two or three years and are crowded daily.

The local board is in hopes that the early Sunday morning bathers will be greeted with a view of the complete slide and in readiness for their pleasure.

The board wishing to popularize this and wishing to make this great sport available to the little folks have decided to reduce the usual charge.

Each toboggan will carry from two to three persons and will never go into water deeper than the distance the smallest child can safely wade out.

In the several years that this company has been making their safety rail water toboggans they have never had an accident.

Cool Output Wasted

The soot discharged into the atmosphere of British cities each year represents three days' coal output of all the mines of the country.

REV. O. K. RAMBERG PASSES AWAY

Served as Pastor in Several States And Also Edited Church Papers

LEAVES WIFE, SIX CHILDREN

Remains to be Taken to Orfordville, Wis., for Burial

Rev. O. K. Ramberg passed away at his home at 524 4th street N. on Tuesday afternoon at 5:30 o'clock in his 64th year.

Rev. Ramberg had resided in Brainerd since September 1925 when the family moved here from Gully, Minn. He was born in Tromso, Norway, May 10, 1862. After finishing his college education in Norway he came to America in 1885. Shortly after his arrival in this country, he entered the Luther Theological Seminary at Madison, Wis., and was ordained to the ministry in 1889. Since then he has served as pastor of churches in Iowa, Wis., Chicago, Ill.; Whitehall, Ferryville, and West Prairie, Wis., and Gully, Minn.

Besides serving churches he has also at different times been the editor of various church papers.

Due to his failing health, he had to resign from active work last fall when the family moved here to make Brainerd their home.

Rev. Ramberg is survived by his wife and four sons and two daughters. Two of his sons reside in St. Paul, one in Walker, and one in Peoria, Ill. Both daughters are at home. He is also survived by several near relatives in Norway.

A short funeral service will be held at the house at 11 o'clock Friday after which the remains will be taken to Orfordville, Wis., for burial in the family lot. The remains may be viewed at Whitney's undertaking parlors up till 11 o'clock.

Card of Thanks TO THE VOTERS OF CROW WING COUNTY:

I wish to hereby express my sincere thanks and appreciation for your loyal support and the splendid vote given me at the Primary Election, in nominating me for the office of Sheriff.

Your continued support at the General Election will be highly appreciated. If elected, I will strive to merit the confidence you placed in me.

CLAUS A. THEORIN,
Candidate for Sheriff.

THE NOVELTIES FEATURED ARE VERY ATTRACTIVE

CLUBS USED INCLUDED RAKES,
HOES, MOPS, AX
HANDLES

MRS. W. R. HILLER AND MRS. E.
J. EGAN BEST LADY
PLAYERS

The first golf tournament of the
local country club was held Tues-
day, June 22, and was acclaimed as
being the most successful of any so
far held. The tournament was fea-
tured by many novelties that proved
interesting to both players and spec-
tators.

As the members arrived at 4 o'-
clock, the hour set for the tourna-
ment, they were asked to select their
own partners, turn in their score
and were informed that they would
be handicapped on the score that
they made in the initial round. Every-
one took the information seriously
and made a decided effort to
turn in poor scores thinking that in
so doing they would get a long han-
dicap in the contest.

During the playing of the prelim-
inary nine holes, the tournament
committee consisting of W. C. Cobb
and Carl Wright was busy making
the final arrangements for the real
tournament which took place imme-
diately following the dinner. Ten
players were chosen by lot and in-
cluded Frank Johnson, Cedric Davis,
Bill McClenahan, John Linneman,
Mr. Kinney, A. C. Weber, Fred Far-
rar, Mons Mahlum, Dan Whitney
and Ed Bane. As soon as the play-
ers had been selected they were told
that the committee would furnish
them with clubs and balls but that
only one club would be permitted to
be used in the tournament and that
only one hole would be played. Ac-
companied by a large gallery they
repaired to the caddy house and
there the clubs were issued—clubs
which consisted of rakes, hoes, mops,
ax handles and similar implements,
the one redeeming feature being the
use of golf balls that are used in a
regular game. The prizes, however,
were very real and the entered into
were very real and they entered into
win.

Ed Bane, fresh from a triumphant
tour of the Florida links, captured
the first prize, Frank Johnson and
Cedric Davis played off a tie for sec-
ond place, Johnson winning. Other
prize takers were Fred Farrar, Mons
Mahlum and Bill McClenahan. M.
E. Ryan suggested during the play
that Mons Mahlum could improve
his score by trading his golf clubs
for the mop he used during the tour-
nament, as his drives were excep-
tional.

There is a good deal of question
as to the accuracy of the counts kept
by the scorers as Fred Farrar turned
in a 13 for a total score and he was
known to have taken six before he
left the tee.

Mrs. W. R. Hiller and Mrs. E. J.
Egan being unanimously chosen as
the best lady players present, were
asked to determine the championship
among the ladies and therefore play-
ed a one-hole match game which re-
sulted in a victory for Mrs. Hiller
after a very brilliant exhibition of
golf playing. Handicapped as they
were by using baseballs instead of
golf balls and croquet mallets instead
of clubs they nevertheless far out-
shone the men in playing ability.

There will be another tournament
at the club Sunday morning at nine
o'clock and the tournament commit-
tee is working hard to put the fin-
ishing touches on the arrangements
for the first local tournament of the
season. The committee are figuring
on handicaps and have a very fine
group of prizes for the winners. The
entrance fees for the tournament of
last Tuesday will nearly defray the
expenses of Sunday's tournament.

Pity the sorrows of a university
that has \$250,000 a month coming in,
as the revenue from oil lands, with-
out the legal right to spend it. This
is the plight of the University of
Texas, which wants the legislature to
pass an enabling act releasing its
wealth for needed buildings. One law
designed to give relief was put on the
statute books, but it was defective,
and the Supreme court of the state
has reaffirmed its insufficiency. Prob-
ably the dilemma is unique in the his-
tory of education, says the Philadel-
phia Public Ledger. Colleges have
been land-poor, but never before have
they seen rivers of their own mid-
night oil flowing without being per-
mitted to spend the accruing revenue.

ANDERSON STILL SETTING PACE FOR LEAGUE BATTERS

AVERAGE TO DATE 483, THON
AND BOLLENS ALSO IN
400 CLASS

SANDGREN IS MOST EFFECTIVE
PITCHER IN LEAGUE IN
GAMES PLAYED

Game tonight, 5:30 P. M.
Y. M. C. A. vs. Seals
Game Friday, 5:30 P. M.
B. A. C. vs. N. E.

Anderson continues to show the
way to batters in the city league,
with a high average of .483, having
made 14 hits in 29 trips to the plate.
He has made at least one safe hit in
each of the 9 games he has played
in. Thon, of N. E., is in second
place, with an average of .433, while
Bollens has third place with .415.
Bollens has made a hit in eight
games straight.

Peterson, formerly of the Y. M. C.
A. and now of the B. A. C., has the
record for most times at bat, most
runs, most hits and most two-baggers.
He has made 15 hits in 38 times at
bat, 12 runs and 6 doubles. He is
in fourth place in the standings.

Sandgren, formerly of the B. A. C.,
now for the Y. M. C. A., is the most
effective pitcher in the league, hav-

Physicians Say Iodine for Goitre

Natural Iodine—the right kind of
iodine, comes from the sea and there
is just enough of it in Ocean-O, the
deep sea water treatment for those
who have goitre or thyroid gland
trouble.

Ocean-O is deep sea water in a
very concentrated form and as one
teaspoonful in a glass of water con-
stitutes a dose of 10 ounce bottle
which you can get from Skaug Drug
Co. or any pharmacist anywhere lasts
a long time.

Besides Iodine there are many
other natural vital mineral elements
in Ocean-O that get into the blood
and carry their rich upbuilding
atoms to every organ, gland and tis-
sue in the body, putting new vigor
into the human organism and creat-
ing abundant strength and vitality
in those who are weak, run down,
nervous and depressed.

Any physician will tell you that
deep sea water has in it every min-
eral element that is found in pure,
healthy blood and that is why
Ocean-O is so much in demand by
people whose blood needs its revital-
izing influence and especially by
those who have eczema or obstinate
skin eruptions. —Advt.

lost but one game while in a B.
A. C. uniform, and won three and
lost none as a Y. M. C. A. hurier.
He has allowed but 10 hits and five
runs in three games while pitching
for the Y. M. C. A.

The Seals have the best fielding
average to date, an even 900, while
the Y. M. C. A. has the highest bat-
ting average as a team, hitting the
pill for a .297 mark.
LeNeau has the distinction of hav-
ing taken three strikes the most
number of times. He has fanned
out 13 times, with Leith following
him closely with 10. Weir is the
best waiter, having worked the op-
posing pitchers for the most number
of passes, 9, while Albert Swanson
is next with 7.

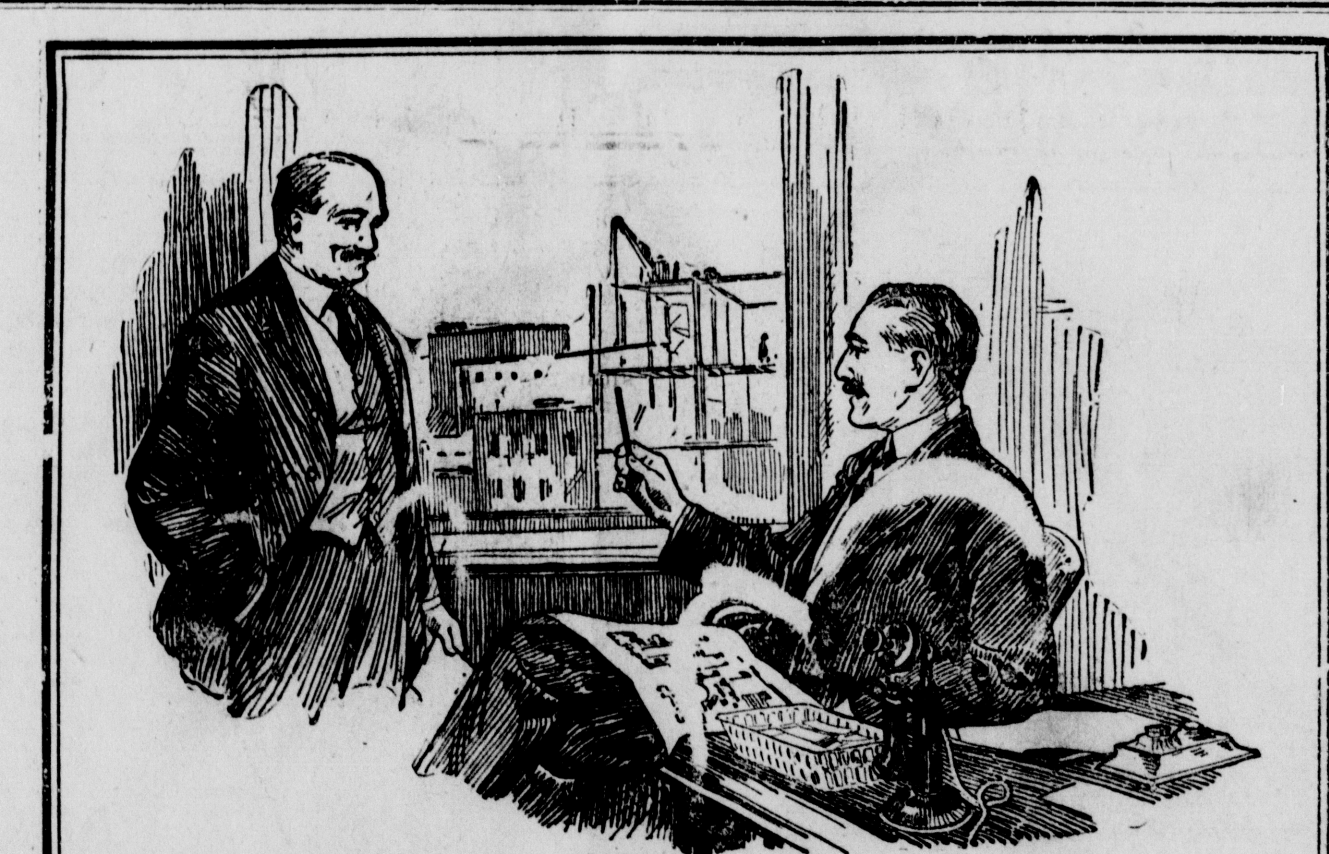

The individual batting averages
are as follows, for batters over .300:
Player Team Ab r h Pct.
Anderson, YMCA 29 7 14 .483
Thon, N. E. 30 5 13 .433
Bollens, YMCA 29 9 12 .415
Peterson, B.A.C. 38 12 15 .395
Weir, Seals 27 9 10 .370
Hanson, YMCA 32 5 11 .344
Uddenberg, BAC 19 6 6 .316
Carlson, Seals 28 3 9 .321
Skiba, N. E. 16 3 5 .313

Cancer Cure Scoffed At
Medicinal cure for cancer is not a
problem that originated in recent
years, as is attested in a letter that
came to light in the catalogue of the
Library of Dr. George C. F. Williams
of Hartford.
One of the items to be offered is the
written advice of Dr. Benjamin Rush
of Philadelphia, a leader of his pro-
fession, to Dr. Joseph B. Stuart,
who seems to have thought he had a
cure and sought high professional sup-
port for his opinion. He was advised
to let the cure alone, on the ground
that if it did any good Stuart would
get little benefit, and he would be
blamed for all the failures. The let-
ter is dated May 24, 1810.

No. 1, to arrive, \$2.32½.

HIGH GRADE RAILS IN DEMAND

New York, June 24.—(UP)—Today's
market was distinguished by the
steady demand in evidence for high
grade rails, further emphasizing the
wealth of the investment community
which is overflowing into standard di-
vidend paying stocks.

Canadian Pacific achieved new high
ground since 1919 and substantial ad-
vances occurred in Atchison, Ches-
apeake & Ohio and Nickel Plate. Fluc-
tuations in the industrial list were
highly professional.

The market closed higher.

New Granite Company,

St. Paul, June 24.—Articles of in-
corporation were filed today with
Secretary of State Mike Holm for the
Granite & Monumental Company, St.
Cloud, a \$200,000 concern, the in-
corporators being W. C. Doane, R. M.
Fouquette and Elsie J. Walk of St.
Cloud.
